CLIENT ENGAGEMENT VALUES

- We seek to earn clients for life, every day.
- We recognize that service without heart is arrogance.
- We are empowered to go the extra mile for our coworkers, clients, and community.
- We engineer thoughtful solutions that promote long-term partnerships.
- We are responsive to the obvious and the not so obvious needs of our clients.
- We are passionate about learning and growth.
- We live with gratitude, have a great attitude, and are genuinely interested in the success of our clients.
- We communicate, behave, and present ourselves in a professional manner to create a strong legacy for ivision.

STRATEGIC PARTNERS

EXPERTISE

CAPABILITIES

Cybersecurity

MATURITY & GOVERNANCE

- Security Maturity Optimization

- Zero Trust Strategy
- Data Security Governance

RISK & COMPLIANCE

- Identity Governance & Administration
- Cybersecurity Compliance
- Data Privacy

OFFENSIVE SECURITY

- Penetration Testing (Hardware/App/ Network/etc.)
- Threat Modeling
- Product Security Engineering/ DevSecOps
- Attack Surface Management

DEFENSIVE SECURITY

- Threat Protection (Identity, Endpoint, Cloud, App)
- IGA & PAM Implementation
- Vulnerability Management
- Cloud Security Posture Management
- Detect & Respond (EDR, MDR, XDR)

AI + Data & Modern Work

AI & DATA SOLUTIONS

- AI & Data Readiness & Enablement
- AI Automation & Productivity
- Agentic AI & Digital Assistants
- Data Architecture
- Data Platforms Modernization

AI & DATA SECURITY

- AI Risk Management
- Agent Governance
- AI Application & Interface Security
- Data Security

BUSINESS APPS & AUTOMATION

- CRM & Field Services
- Business Process Automation
- Change Management & Adoption

MODERN WORK

- Collaboration & Productivity
- Hybrid Work
- Unified Endpoint Management
- Tenant Migration & Consolidation
- Change Management & Adoption

Cloud & Infrastructure

INTELLIGENT INFRASTRUCTURE

- Data Center Modernization & Hybrid Infrastructure
- Enterprise Network Transformation
- Infrastructure Deployment & Migration Execution
- Infrastructure Strategy & Solution Architecture
- Automation & AI-Augmented Infrastructure Delivery

SECURE INFRASTRUCTURE & ACCESS

- Secure Infrastructure Architecture
- Zero Trust Network Design
- Secure Connectivity & Access
- Infrastructure Security Controls
- Integrated Detection & Visibility

RESILIENCY

- Backup
- Disaster Recovery

CLOUD PLATFORMS

- Cloud Maturity & Optimization
- Cloud FinOps
- Platform Engineering
- Hybrid Cloud
