# Azure Application Modernization

Stay up to speed on the latest best practices and enhancement features.

Our Approach

- Assess and Design
- Refine Requirements and Use Cases
- Align the Technologies
- Deploy, Secure and Test
- Train, Support and Adopt
- Optimize and Operationalize

Transform

Architect

Operate

Common Challenges

- Business-critical applications still hosted on virtual machines
- Complex identity management of applications
- Legacy – Custom applications with limited support on underlying platforms – IIS, .NET, Java, PHP, etc.
- Legacy and out-of-support operating systems and SQL versions
- Complex BC/DR methodologies

Benefits

- ✓ Hyperscale with power of the cloud
- ✓ Improved security and controls
- ✓ Improved availability and resiliency with built-in geo-redundancy
- ✓ Cost savings Opex potential
- ✓ Simplified and centralized management with the rest of your Azure assets
- ✓ Automation and fast provisioning of application workloads

What's Included

- Virtual workshops and tooling to assess / discover, plan and execute a migration of a specific new or existing application
- Virtual workshops to evaluate applications and workloads to align migration waves and effort
- Automation and tooling of migrations
- Migration to selected Azure Native platform
- Final As Built documentation

Service Options

- **Multi-Phase:** Multi-phased approach to migrations that could be isolated to specific workloads and applications or Data Center / Colocations
- **Migrations and Application Modernizations:** Hybrid approach to migrate workloads to Azure Native and portions of Application Modernizations
- **Multi-Platform:** Combination of Azure Native Services such as Storage Accounts, AKS, AppServices, etc. to encompass an entire application stack

Why ivision?

People

We promote productivity and collaboration through proactive management, clear expectations and technical expertise.

Process

Our structured and repeatable approach is based on strategic methodology that allows you to capitalize on opportunity.

Technology

Our proven partner ecosystem empowers us to deliver the most innovative solutions for your technology needs.
