

# Azure VMWare Solution Migration

Undergo a simple lift-and-shift migration.

## Our Approach

- Assess and Design
- Refine Requirements and Use Cases
- Align the Technologies
- Deploy, Secure and Test
- Train, Support and Adopt
- Optimize and Operationalize

## Common Challenges

- On-premise hardware constraints
- Lack of supportable hardware for bursting or fast expansion
- Shipping delays on new hardware
- 3-5-year hardware refreshes
- Capex spending models
- Geographic distribution of resources
- Windows Server Extended Support
- Network security
- Secure external exposure of applications
- Business continuity and disaster recovery methodologies

## Benefits

- ✓ Keep using your existing VMware investments, skills and tools in Azure
- ✓ Hyperscale with power of the cloud
- ✓ Improved security and controls
- ✓ Improved availability and resiliency with built-in geo-redundancy
- ✓ Cost savings Opex potential with charge back capability
- ✓ Simplified and centralized management with the rest of your Azure assets
- ✓ Automation and fast provisioning of VMware workloads

## What's Included

---

- Virtual workshops and tooling to assess / discover, plan and execute a migration
- Virtual workshops to evaluate applications and workloads to align migration waves and effort
- Automation and tooling of migrations
- Optimizations of migrated workloads to increase performance, business continuity and disaster recovery (BCDR), monitoring and logging
- Final As Built documentation

## Service Options

---

- **Multi-Phase:** A multi-phased approach to migrations that could be isolated to specific workloads and applications or Data Center / Colocations
- **Migrations and Application Modernizations:** A hybrid approach to migrate workloads to Azure Native and portions of Application Modernizations

## Why iVision?

---

### People

We promote productivity and collaboration through proactive management, clear expectations and technical expertise.

### Process

Our structured and repeatable approach is based on strategic methodology that allows you to capitalize on opportunity.

### Technology

Our proven partner ecosystem empowers us to deliver the most innovative solutions for your technology needs.
