

# Industry-Led Governance, Risk & Compliance

**Employ industry best practices  
and regulatory requirements to  
stay ahead of emerging threats.**

start to finish, helping you  
to deliver security solutions

## Common Challenges

---

- ‡ Misalignment of cybersecurity governance with organizational goals, cybersecurity threat landscape and regulatory requirements ‡
- ‡ Lack of integrated enterprise risk management programs for addressing cybersecurity risks ‡

---

‡

‡

‡

## What's Included

---

- ‡ Establishment of governance programs (Policy, Standard, Operational Processes) in alignment with cybersecurity frameworks and organizational security charters
- ‡ Compliance assessment and remediation across regulatory and industry compliance requirements such as International Organization for Standardization (ISO), Cybersecurity Maturity Model Certification (CMMC), Payment Card Industry (PCI), Data Privacy Laws, customer security requirements
- ‡ Risk assessment and management designed to identify and prioritize potential threats in the organization
