

# Earning Clients For Life, Every Day

## Differentiators

- People, Culture, 1% Pledge
- Flexible Business Model
- Engineering Expertise
- Methodology & Process
- Multi Practice & Risk Mitigation
- Proven Partner & Ecosystem

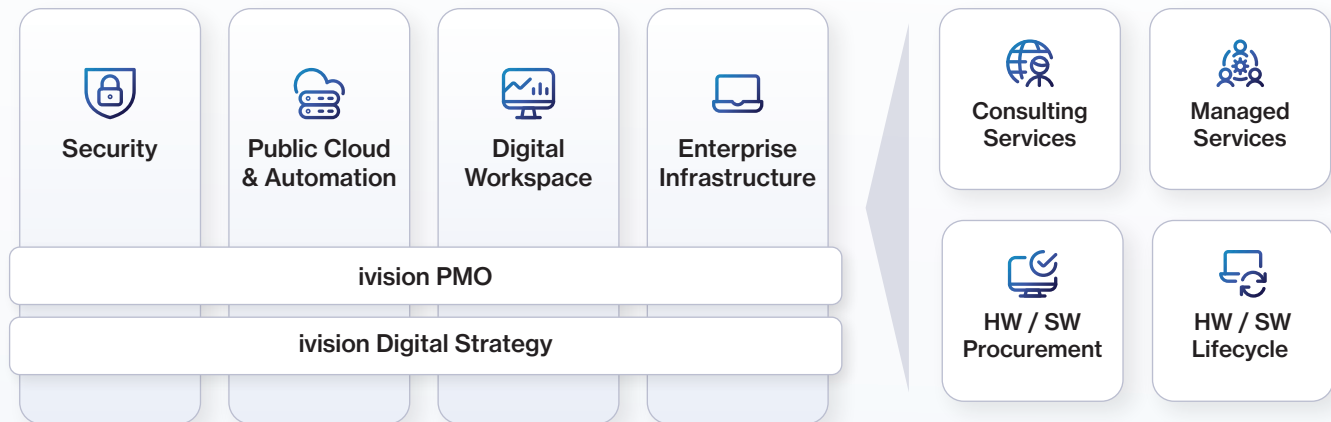

## Client Engagement Values

- We **seek** to earn clients for life, every day.
- We **recognize** that service without heart is arrogance.
- We are **empowered** to go the extra mile for our coworkers, clients and community.
- We **engineer** thoughtful solutions that promote long-term partnerships.
- We are **responsive** to the obvious and the not so obvious needs of our clients.
- We are **passionate** about learning and growth.
- We live with **gratitude**, have a great **attitude** and are genuinely interested in the success of our clients.
- We **communicate**, behave and present ourselves in a professional manner to create a strong legacy for ivision.

## Strategic Partners

# Expertise

# Solutions

- Governance, Policy & Training
- DLP

### Managed Security

- SIEM
- SOC/MDR
- Vulnerability

## Public Cloud & Automation

### Public Cloud

- Cloud Planning
- Cloud Migration
- FinOps for Cloud
- Cloud Security
- CRM

### Data & Analytics

- Data Strategy
- Data Reporting & Visualization
- Data Architecture

### Automation

- DevOps
- IaC
- Golden Image
- Configuration Management
- CI/CD
- Respository
- Artificial Intelligence

### Migration & Modernization

- Native Cloud Migrations
- VMware Migrations
- App Modernization
- SQL Migration/Modernization

### Optimization

- Health & Remediation
- Operations Management
- FinOps/Rightsizing
- SecOps

## Digital Workspace

### Business Outcomes

- Mergers & Acquisitions
- Directory Services
- Business Applications
- Enterprise Patching

### Microsoft Hybrid Work

- AVD Rapid Deployment
- Modern Mgmt. for Endpoints
- Teams/Collaboration Rapid Deploy
- Teams Voice Rapid Deploy

### Microsoft Power Platform

- Power Apps/Dynamics 365
- Power Automate
- Power Pages
- Power BI
- Power Virtual Agents

### Business Applications

- Virtual Meeting Platforms
- Data Collaboration
- Low Code Business Applications

### Endpoints

- Endpoint Management
- Server OS Management
- Mobile Management

## Enterprise Infrastructure

### Next-Gen Networking

- Data Center Fabrics
- Modern Enterprise Network
- Hosted Collaboration

### Cloud Ready Connectivity & Security

- SD-WAN
- Next Generation Cloud Firewall & Security

### Hybrid Cloud

- Enterprise Storage
- Unified Infrastructure
- Hybrid Virtualization
- Data Center Relocation & Migration

### Data Protection

- Disaster Recovery & Backup
- Ivision Cloud
