

# Earning Clients for Life, Every Day

Delivering Secure, AI-Powered Solutions

## DIFFERENTIATORS

- People, Culture, CIO Forums, iGive
- Flexible Business Model
- Engineering Expertise
- Methodology & Process
- Multi Practice & Risk Mitigation
- Proven Partner Ecosystem

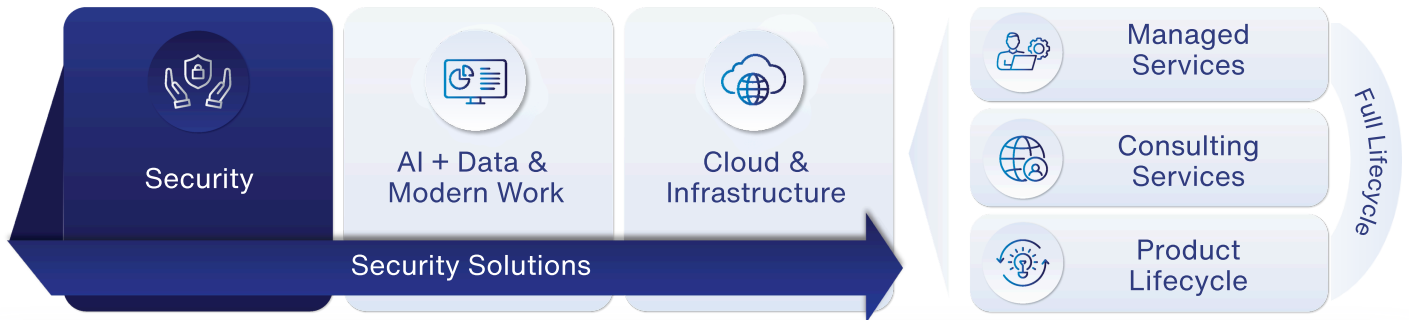

## CLIENT ENGAGEMENT VALUES

- We seek to earn clients for life, every day.
- We recognize that service without heart is arrogance.
- We are empowered to go the extra mile for our coworkers, clients, and community.
- We engineer thoughtful solutions that promote long-term partnerships.
- We are responsive to the obvious and the not so obvious needs of our clients.
- We are passionate about learning and growth.
- We live with gratitude, have a great attitude, and are genuinely interested in the success of our clients.
- We communicate, behave, and present ourselves in a professional manner to create a strong legacy for ivision.

## STRATEGIC PARTNERS

## EXPERTISE

## CAPABILITIES

### Security

#### MATURITY & GOVERNANCE

- Security Maturity Optimization
- Policy, Standard & Process Development
- Zero Trust
- Data Security Governance

#### RISK & COMPLIANCE

- Identity Governance & Admin
- Security Compliance
- Data Privacy
- Data Security & Governance

#### OFFENSIVE SECURITY

- Penetration Testing (Hardware/App/Network/etc.)
- Threat Modeling
- Product Security Engineering/DevSecOps
- Attack Surface Management

#### DEFENSIVE SECURITY

- Threat Protection (Identity, Endpoint, Cloud, App)
- IGA & PAM Implementation
- Vulnerability Management
- Cloud Security Posture Management
- Detect & Respond (EDR, MDR, XDR)

### AI + Data & Modern Work

#### AI SOLUTIONS

- AI Readiness & Enablement
- AI Automation & Productivity
- Agentic AI & Digital Assistants
- Change Management & Adoption

#### DATA PLATFORMS & INSIGHTS

- Data Architecture
- Data Platforms Modernization
- Data & Analytics as a Service

#### AI & DATA SECURITY

- AI Risk Management
- Agent Governance
- AI Application & Interface Security
- Data Security

#### BUSINESS APPS & AUTOMATION

- CRM & Field Services
- Business Process Automation
- Change Management & Adoption

#### MODERN WORK

- Collaboration & Productivity
- Hybrid Work
- Unified Endpoint Management
- Tenant Migration & Consolidation
- Change Management & Adoption

### Cloud & Infrastructure

#### INTELLIGENT INFRASTRUCTURE

- Data Center & Colocation
- Full Stack Observability
- Unified Infrastructure
- Network Modernization
- Virtual Desktop Infrastructure (VDI)

#### SECURE INFRASTRUCTURE & ACCESS

- Zero Trust Network Architecture
- Secure Access Service Edge (SASE)
- Hybrid & Cloud Firewalls
- Network Detection & Response

#### RESILIENCY

- Backup & Disaster Recovery

#### CLOUD

- Cloud Maturity & Optimization
- Cloud FinOps
- Platform Engineering
- Hybrid Cloud
