

Solving business problems through extraordinary IT partnerships  
– from consulting to managed services and global support.

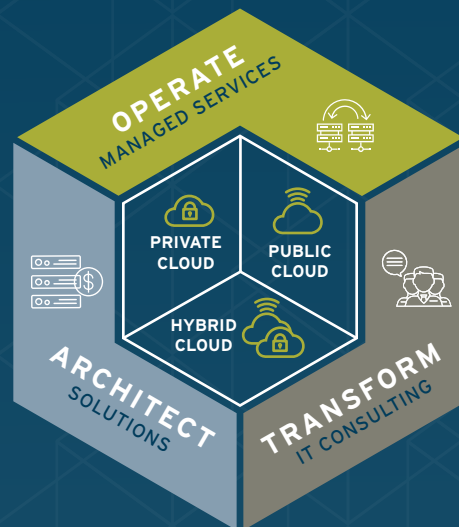

## WHAT MAKES US DIFFERENT?

Flexible Business Model | Culture & People | Engineering Expertise | Proven Partner Ecosystem

We partner with clients to provide best of breed technology consulting and managed services, as well as global support. Together, we imagine, build and protect the future so your business can thrive.

### FLEXIBLE BUSINESS MODEL

We work with our clients to architect, transform and operate their hybrid cloud platform

### CULTURE & PEOPLE

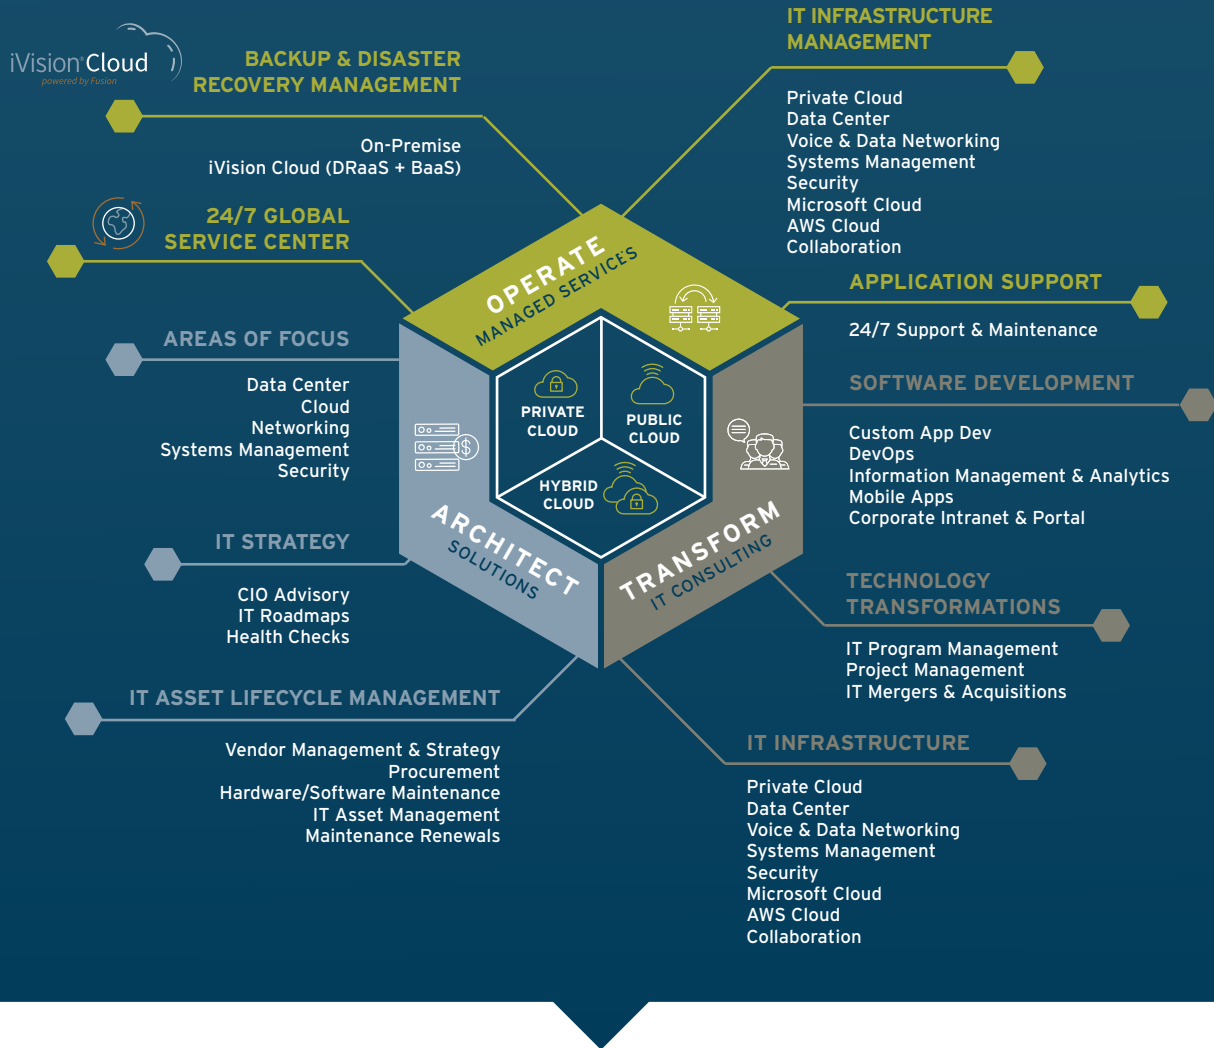

These are values that we exemplify and live everyday working with clients, partners and coworkers.

- We seek to earn clients for life, every day
- We recognize that service without heart is arrogance
- We are empowered to go the extra mile for our coworkers and clients
- We engineer thoughtful solutions that promote long-term partnerships
- We are responsive to the obvious, and the not so obvious needs of our clients
- We are passionate about learning and growth
- We have a great attitude, and we are genuinely interested in our clients
- We communicate, behave, and present ourselves in a professional manner to create a strong legacy for iVision

## ENGINEERING EXPERTISE

We work with a proven ecosystem of industry leading strategic & solution partners to deliver “best of breed” technologies and “white glove” service that provides flexibility and the right IT partnership for your business.
